Find A Maid
Find An Agency

Here is the list maids' bio-data available for searching in the NetMaid database.

| | |
|---|--|
| Preferred agency | No Preference ▼ |
| Biodata created | No Preference ▼ |
| Type of maid | No Preference ▼ |
| Nationality <small>For multiple selection, hold the Ctrl key while clicking on each entry.</small> | Bangladeshi ▲ Filipino ☰ Indian ▼ Indonesian ▼ |
| Age preference <small>For multiple selection, hold the Ctrl key while clicking on each entry.</small> | 23 to 25 ▲ 26 to 30 ☰ 31 to 35 ▼ 36 to 40 ▼ |
| Working experience <small>For multiple selection, hold the Ctrl key while clicking on each entry.</small> | Malaysia ▲ Hong Kong ☰ Taiwan ▼ Other Countries ▼ |
| Language ability <small>For multiple selection, hold the Ctrl key while clicking on each entry.</small> | English ▲ Malay ☰ Chinese ▼ Tamil ▼ |

Problems and Benefits

- 1. Business Control** over processes and transactions.
 - User role (controlled by task) and Access (controlled location & time).
 - Business rules control sales process and record user's name when she make changes.
 - Boss knows everything, anytime and anywhere!
- 2. Business Productivity** for operations.
 - Manage your business real time (search, reports) without running around.
 - Remove coordination between sales and admin.
 - Remove repetitive data entry (data reuse for booking, forms, receipts, reports).
- 3. Business Accreditation** in records keeping.
 - FDW Processing.
 - Feedback, Grievances and Complains.
 - Accreditation documentation.
- 4. Business Growth** – replicable and scalable business.
 - Business process and knowledge retention. No worry about staff leaving.
 - Minimal training, lesser mistakes and shorter time to staff effectiveness.
 - Professional team to grow your business in size and branches.

Reduce Operational Costs & Increase Revenue
